WORK EXPERIENCE

Innovasion Pte Ltd – Digital Experience Designer (Programmer)
6/2025 - … | https://www.innovasion.sg/

- Developed interactive applications and immersive experiences using Unity 3D for exhibitions, events, kiosks, and public installations.
- Built interactive experiences, including photobooth applications with MediaPipe and real-time pose detection.
- Designed and developed interactive web applications using HTML, CSS, JavaScript, and Firebase, including real-time Sign-in Wall and Digital Wish Wall systems.

Envision studios limited – 3D Modeller
11/2024 – 04/2025 | https://hegemony.xyz/

- Created 3D models of medieval-themed buildings
- Rigging + Animations

CRX Entertainment Pte Ltd – Game Programmer and Development
04/2022 – 08/2023 | https://crxentertainment.com/

- Developed 2D and 3D games for PC and mobile platforms using Unity and C#.
- Translated Game Design Documents (GDD) into functional gameplay systems for genres including Match-3 Puzzle, Tower Defense, Hidden Object, Math Games, and Casual Games.
- Designed and implemented core gameplay features such as UI, dialogue systems, level progression, reward systems, and game mechanics.
- Performed debugging, testing, and optimization to ensure stable, high-quality gameplay throughout development.
- Took full ownership of assigned projects from initial development through testing and release preparation, collaborating closely with artists, designers, and project managers.

ABOUT ME

Hello, my name is M Gilbran Eka Pawitra. I am a graduate of **Informatics Engineering** from **Siliwangi University** in **Tasikmalaya 2013-2017**. I have a strong interest in design and game development, which has led me to develop skills in 3D modeling, 2D design, programming with C#, and using Unity for game development. I am committed to continuously learning and contributing effectively to both the team and my personal growth.
